

Message from the President

As we close out a busy 2017, I would like to humbly thank all of you for your active participation in NCMGMA this past year. Being that we have the best healthcare opportunities in North Carolina, I knew this year would present challenges our private practices and systems would face. The board focused our attention on our association credo: "The Leaders of Tomorrow's Healthcare." What does this mean and how

do we attain such a tall order? We started by turning to the pillars of our organization – **Advocacy, Education, Networking,** and adding **Volunteerism** this year.

We've accomplished much to be proud of this year, including another successful Advocacy Day event in Raleigh where our members interacted with their Representatives and received updates from BCBSNC, The North Carolina Medical Society, and NCDHHS. We had a great Annual Conference in Charlotte and brought education opportunities to our members through our Roadshows. We've maintained active communication with our nine local chapters and attended Payor Conferences and National meetings with Medicare. Our state leadership traveled to Colorado for MGMA's National Conference to learn from and share best practices with other states. We continued our focus on keeping our fellow members in the know in this sometimes crazy industry we call healthcare.

We also challenged our State members to fully embody the last pillar – Volunteerism. A dedicated group of volunteers is necessary for our organization to continue to service our members. The board set lofty goals of increasing membership and working more closely with our committees to be available when a call for action comes. State leadership and area chapters gladly rose to the challenge, resulting in active committees and positive communication for everyone. Kudos to you all – I am proud to be part of such a talented and driven group of healthcare leaders.

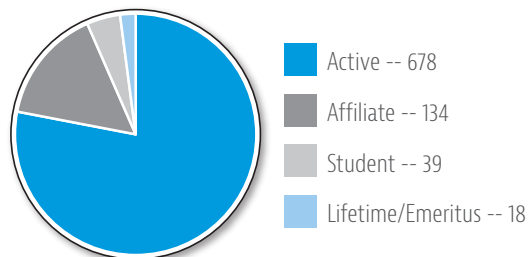

In closing, I encourage you all to continue to make time for education and networking – which will always result in gains for your practice and for yourself professionally and personally. I believe that our new State leadership will continue on this path to be your first stop for Advocacy, Education, Networking, and Volunteerism.

Here's to the New Year!

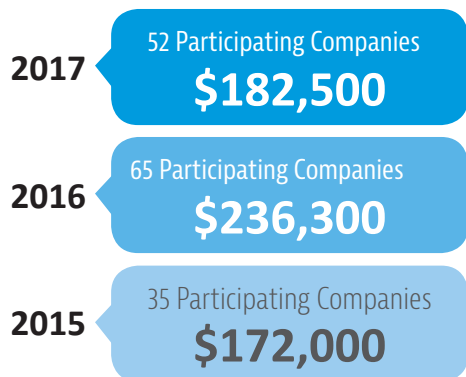

Melissa White
2016-17 NCMGMA President

Membership Type Breakdown

Alliance Sponsorship

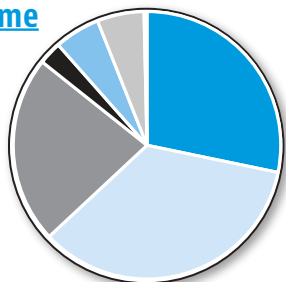

Sponsorship Benefits Members By:

- Reducing event costs for members.
- Expanding event opportunities for members.
- Producing additional association revenue to add membership benefits such as webinars, the listserve.
- Working with local chapters to provide additional education opportunities for members.

Take a moment to **THANK** an Alliance sponsor today!
