Medicaid Managed Care SPECIAL WEBINAR

Total Cost of Care (TCOC) Dashboard Launch for Providers

This month, NC Medicaid is launching a Total Cost of Care (TCOC) Dashboard for Advanced Medical Homes (AMHs). This tool will allow AMHs to access and analyze data related to resource use and total cost of health care received by Medicaid members assigned to their practices. The TCOC Dashboard aims to help AMHs identify potential drivers of overuse and inefficiency and assist them in making informed decisions when engaging in value-based arrangements with Medicaid prepaid health plans.

Join us for one of three opportunities to learn more about this important new tool. In the webinar, we will provide an overview of the dashboard and its metrics, walk through the login process, and demonstrate various functionalities for users of the AMH TCOC Dashboard.

Wednesday, April 17 | 5-6 p.m.

Thursday, April 18 | 5-6 p.m.

Tuesday, April 30 | 11:30 a.m.-12:30 p.m.

Register by clicking on the link below. We look forward to connecting with you soon!
