

Vaccine name	Description	CPT code	Effective date
Pfizer	COVID-19 vaccine, spike protein, preservative free, 30mcg/0.3mL dose, diluent reconstituted for IM use	91300	12/11/2020
Pfizer	Administration by IM injection of COVID-19 vaccine, 30mcg/0.3 mL, first dose	0001A	12/11/2020
Pfizer	Administration by IM injection of COVID-19 vaccine, 30mcg/0.3 mL, second dose	0002A	12/11/2020
Moderna	COVID-19 vaccine, spike protein, preservative free, 100mcg/0.5mL, for IM use	91301	12/18/2020
Moderna	Administration by IM injection of COVID-19 vaccine, 100mcg/0.5mL, first dose	0011A	12/18/2020
Moderna	Administration by IM injection of COVID-19 vaccine, 100mcg/0.5mL, second dose	0012A	12/18/2020
Janssen (J&J)	COVID-19 vaccine, spike protein, adenovirus type 26 vector, preservative free, 5x10 <sup>10</sup> viral particles/0.5mL for IM use	91303	2/27/2021
Janssen (J&J)	Administration by IM injection of COVID-19 vaccine, adenovirus type 26 vector, 5x10 <sup>10</sup> viral particles/0.5mL, single dose	0031A	2/27/2021
AstraZeneca	COVID-19 vaccine, spike protein, Oxford 1 vector, preservative free, 5x10 <sup>10</sup> viral particles/0.5mL for IM use	91302	TBD
AstraZeneca	Administration by IM injection of COVID-19 vaccine, 5x10 <sup>10</sup> viral particles/0.5mL, first dose	0021A	TBD
Astra Zeneca	Administration by IM injection of COVID-19 vaccine, 5x10 <sup>10</sup> viral particles/0.5mL, second dose	0022A	TBD

When billing COVID-19 vaccines, code the following:

1. Vaccine CPT (only code IF vaccine was NOT distributed by government)
2. Administration
3. ICD-10-CM (diagnosis code) Z23 Encounter for immunization

If administering COVID-19 vaccines received from the government and not the manufacturer, do not code the CPT code for the vaccine (91300-91303). Code the administration according to dose and Z23.

**Government-distributed vaccines will be free to the public.** However, if medical practices order and

receive vaccines directly from the manufacturer, they are billable.

Once phasing is complete, CMS indicates the allowed amounts for vaccines:

<b>Moderna and Pfizer:</b>	First dose	\$16.94
	Second dose	\$28.39
<b>Janssen (J&amp;J)</b>	Single dose	\$28.39

These rates will be adjusted by geographic location.

Learn more about payment allowances on the [CMS COVID-19 Vaccines and Monoclonal Antibodies page](#).
