

## Conference Committee Report

The Committee has faced many obstacles in 2020 with the cancelation of one of our in-person meetings and pivoting the other to a virtual event. A tremendous amount of work went into ensuring the membership were offered an educational opportunity in 2020 and I thank Melissa Klingberg, THM and the committee for their efforts.

We are now focused on 2021 and look forward to seeing membership return to face to face meetings. Please plan on joining us in person next year.
