

## **Greensboro Chapter Report**

GGMGMA has had a few bumps in the road dealing with COVID but is on a steady course heading into the new fiscal year. We have been fortunate to have a meeting location with the space to allow us to meet in a very safe manner which has provided a very welcome opportunity for those who have attended to get out the office and actually talk to people in person. October was the best attended we've had since resuming in person. Eileen Stephens with Culture Index gave an excellent presentation on different personality traits and how understanding our own traits and those of the people we work with can make us better leaders.

Our new Board will be Fran Sembert, President, Janet Woodall, Vice President, Danielle Swicegood, Secretary, and David Greene, Treasurer. They are busy planning our activities for next year. If you're an NCMGMA member in the Greater Greensboro area, be on the lookout for emails and invites. We'd love to have you be a part of GGMGMA.
