2% Other

COVID-19 Vaccination Summary

Urgent Practice Data Survey week of March 15, 2021

Percentage of respondents

What has been your biggest challenge in the vaccination effort?

- 8% Access to vaccine for myself and staff
- 3.5% Coordinating with hospitals/health departments
- 37% Access to vaccine for patients
- 23% Keeping up with new science/data/side effects
- 10.5% Enrolling as vaccine provider or navigating in CVMS
- 40% Other*

**Other issues noted include vaccine hesitancy of practice staff and patients as well as issues in staffing vaccine clinics.*

What percentage of your staff **has received** the vaccine?

- 2% 0% of clinical staff
- 18% 1%-50% of staff
- 24% 51%-75% of staff
- 18% 76%-90% of staff
- 30% More than 90%
- 2% Unsure

- 4.5% ... 0% of non-clinical staff
- 34% 1%-50% of staff
- 20% 51%-75% of staff
- 9% 76%-90% of staff
- 28% More than 90%
- 4.5% ... Unsure

What percentage of your staff has indicated that they **will receive** the COVID-19 vaccine?

- 3% 0% of clinical staff
- 14% 1%-50% of staff
- 24% 51%-75% of staff
- 14% 76%-90% of staff
- 43% More than 90%
- 2% Unsure

- 4% 0% of non-clinical staff
- 25% 1%-50% of staff
- 20% 51%-75% of staff
- 12% 76%-90% of staff
- 33% More than 90%
- 6% Unsure

COVID-19 Vaccination Summary

Urgent Practice Data Survey week of March 15, 2021

Do you have a vaccination policy for your staff (i.e. are you requiring staff to be vaccinated)?

- 16%.....No position
- 74%Encouraging vaccination
- 6%.....Mandating vaccination
- 2%.....Unsure
- 2%.....Offering incentives for vaccination

72% of responding practices said they had been in touch with the local county health department for information on getting staff vaccinated.

96% of responding practices said they had the necessary information about where in the vaccination prioritization staff and patients are and when they can receive the vaccine.

Does your practice want to serve as a COVID-19 vaccination location?

- 24%....Yes
- 55%....No
- 21%.....Unsure

If your practice does plan to be a COVID-19 vaccine site, do staff understand the rules related to billing for vaccine administration?

- 52%....Yes
- 10%....No
- 28%....Unsure

The number of practices saying they wish to serve as vaccination sites has decreased since the January 2021 survey by **10%**, with several practices noting barriers such as the higher staffing levels necessary to provide the vaccine and concerns regarding liability.

Thank you to all of our survey participants! You are helping us to ensure that healthcare's voice is being heard in the North Carolina legislature!
